

THE FAIR ENERGY CONSUMER PROTECTION PLEDGE

Your Federal representative's pledge assuring that you have the least expensive cost energy available to you for all of your needs.

I, _____, pledge to the citizens of the state of _____,
and to the American people that I will:

ONE: Oppose any and all interference in the production of all energy resources or the imposition of any burden through carbon taxation or regulation to create added costs to you the consumer; and

TWO: Oppose any and all efforts to create unfair advantages between one energy source over another. This includes subsidies, taxes, mandates or prohibitions; and

THREE: Oppose any interference in the free market production, distribution, delivery or consumption of any energy source.
